

## PAYMENT PERFORMANCE STATISTICS 2018/19

Regulation 113(7) of the Public Contracts Regulations 2015 requires that the CCG publishes data demonstrating compliance with the obligation to pay invoices within 30 days to first tier suppliers/prime contractors over the previous 12 months.

This requirement is met by publishing the percentage of invoices paid within 30 days (with the allowed exemption of invoices for the procurement of health care services for the NHS), the amount of interest paid to suppliers due to late payment and the total amount of interest the contracting authority was liable to pay, whether or not paid and whether under any statutory or other requirement, due to a breach of Regulation 113.

The results for financial year 2018/19 are shown below.

Financial Year	Proportion of valid and undisputed invoices paid within 30 days	Amount of interest paid to suppliers due to a breach of the requirement in Regulation 13	Total amount of interest the contracting authority was liable to pay, whether or not paid and whether under any statutory or other requirement, due to a breach of Regulation 113
