HAVE YOUR VOICE HEARD (even if it is a whisper!)

Leicester, Leicestershire & Rutland Maternity Voices Partnership **needs you** to share your views to help shape our local maternity services. Come and join your local Maternity Voices Partnership to have the opportunity to meet women, families and staff who have been involved with our local maternity services. We want to know about your recent experiences of local maternity services:

- What did we do well?
- What could we improve for women and families in the future?

Service users past or present and their families are welcome to attend this exciting event to become part of the Leicester, Leicestershire and Rutland Maternity Voices Partnership!
